

# INNOVATIVE MUSIC GAME DEVELOPER BRINGS *SUPERBEAT: XONiC* TO PLAYSTATION VITA THIS FALL!

LOS ANGELES, June 9, 2015 – PM Studios and Acttil are happy to announce the co-publication of a brand new rhythm game from PM Studios' much celebrated BEATCRAFT series! *SUPERBEAT: XONiC™* for the PlayStation®Vita system will be released in North America this fall in both retail and digital formats by PM Studios and Acttil!

The team at PM Studios is the creative force behind DJ MAX Fever, a widely acclaimed rhythm title for the PlayStation®Portable system which released in the North American market in 2008. Equipped with new user interfaces and rhythms, PM Studios has crafted an even more innovative and interactive music game experience- *SUPERBEAT: XONiC* will rock players' worlds! Players will be able to experience over 45 music tracks and boogie through 200 different play patterns!

"I'm extremely excited to work with my former colleagues and bring what I feel is our spiritual successor to DJ MAX. We've been listening to the fans and decided that the Vita was the best platform for our players," said Michael Yum, CEO of PM Studios. "I'm also very honored to work with the talented folks at both Nurijoy and Acttil on this new endeavor. With the former DJMAX developers at both PM Studios and Nurijoy developing what they're best at and by allowing Acttil to help us bring this game to the market, I feel we can give the players something they can really enjoy."
